

FIGURE B-5 Index Map Showing Locations of Field Office Boundaries in Colorado

Columbine, Colorado BLM Field Office Wind Resource Potential

Transmission Line*

- Voltage (kV)
- 69 **
- 100 - 161
- 230 - 287
- 345 - 500
- 1000

*Source: POWERmap, ©2002 Platts, a Division of the McGraw-Hill Companies

** Data for lines < 100 kV is not available in many areas.

Wind Resource Level

- High
- Medium
- Low

The wind power estimates for this map were produced by TrueWind Solutions using the Mesomap system and historical weather data. It has been validated with available surface data by NREL and wind energy meteorological consultants.
